If you do not yet have the Natara DayNotez Desktop product installed:

If you do not yet have the evaluation version of desktop companion on your system, click one of the links below to download it. (The evaluation version is converted to a registered version after you enter the correct information from this email).

http://www.natara.com/Public/DayNotezDesktopSetup.zip (for the .zip archive; requires WinZip)
-or-
http://www.natara.com/Public/DayNotezDesktopSetup.exe (for the self extracting archive)

If you already have the 30 day trial of DayNotez Desktop installed:

In order to complete your registration; run DayNotez Desktop and select the "Help->Register" menu item. Copy and paste the registration number given above in this email into the registration dialog box.

The next time you synchronize your Palm device, your registration code will also be stored on the Palm device.
(if you are upgrading from DayNotez Palm only, you may also need to enter the new registration number on the Palm device manually)

Troubles with Registering:

Before contacting Natara about registration issues, please review the following FAQ on the Natara web site:
